## **FOR IMMEDIATE RELEASE**

### **New Date for Eastbound I-80 Ramp Closure in North Sacramento** *80 Across the Top Project*

SACRAMENTO – The California Department of Transportation (Caltrans) has re-scheduled the start date of a 15-day on-ramp closure to eastbound I-80 in North Sacramento.

Construction work will start Friday, October 7. The 15-day closure for the on-ramps at Longview Drive and the Watt Avenue Regional Transit Light Rail Station is to accommodate crews to complete demolition and pavement repair work at these locations.

#### **SCHEDULE:**

- The EB I-80 ON-ramp at Longview Drive and Watt Avenue Regional Transit Station will be closed for 15-days beginning **10 p.m. Fri. 10/7 through 5 a.m. Sun. 10/23.**

#### **DETOUR:**

- Traffic will be detoured to Winters Street for access to Eastbound I-80. Motorists at Longview Drive will be directed to WB I-80, and then take the Winters Street exit (Exit 92) to get back onto EB I-80.
- Watt Avenue Regional Transit Station customers can follow the West end parking lot entrance back to Winters Street for access back onto EB I-80. (Note: The East end RT Station ON-ramp just past Watt Avenue to EB I-80 will remain open.)

For additional project information and detour map please go to [www.80AcrossTheTop.com](http://www.80AcrossTheTop.com)

Weather or unexpected events may delay or prolong the work. Caltrans advises motorists to “Be Work Zone Alert.” The department will issue construction updates on Twitter @CaltransDist3 and on Facebook at [CaltransDistrict3](https://www.facebook.com/CaltransDistrict3).
